

# Make your own brooch

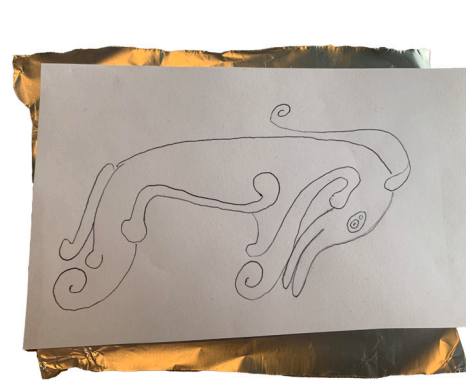

## Let's get drawing!

Use the template to design your brooch – it doesn't need to be round, but this is the size you will need.

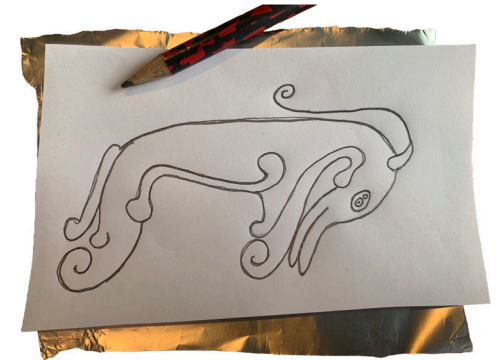

If you are stuck for ideas, above are some examples of real ancient brooches to inspire you.

## Let's get creating!

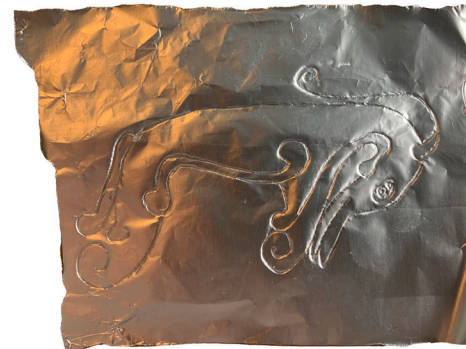

1

Cut out your design and attach it to the foil using paperclips to keep it in place.

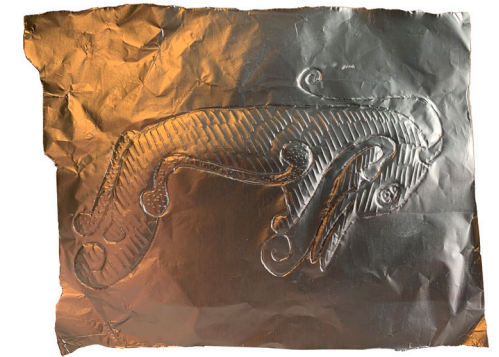

2

Use a blunt pencil to trace over all the lines.

3

Remove the paper and trace over all the lines on the foil.

4

Turn over the foil and add lines or dots to make patterns.

To wear your brooch, cut it out and glue it to a piece of card. You can tape a safety pin to the back. Ask an adult for help!
