

# Animal bone identification sheet

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**What is the bone type?** (Long, flat, blocky)

---

---

---

---

---

**Which bone is it?**

---

---

---

---

---

**What animal is it from?**

---

---

---

---

---

Can you spot any marks or changes to the bones (e.g. have they been cut)?

---

---

---

What do these bones tell us about the animals, people and landscapes of the prehistoric A14?

---

---

---
